..... Informative note regarding the processing of the personal data

Pursuant to arts. 13 and 14 of the EU 679/2016 Privacy
Regulation ("GDPR"), you are hereby informed that the
personal data provided by the Data Subject and/or acquired by
Italian Exhibition Group S.p.A. ("IEG") in relation to its activities
or due to shows, exhibitions, events and/or workshops
("Events"), organized by IEG, also in collaboration with third
party partners, are subject to processing in respect of the
principles of lawfulness, equity, correctness, proportionality,
necessity, accuracy, completeness and security and the other
legal obligations in force, as outlined below:

Data Subject categories. Processing operations and data collection modalities.

The data processed can regard buyers, visitors, journalist,
conference's/workshop's speakers and/or
congressmen/conventioners (intended as individuals older
than 16 years of age who act independently as buyers, visitors,
journalist, conference's/workshop's speakers and/or
congressmen/conventioners and/or as internal references for
legal entities, companies or other organizations that are

buyers, visitors, journalist, conference's/workshop's speakers
and/or congressmen/conventioners).

The data of the "underage" visitor are treated only with the
consent authorized by the holder of parental responsibility or
the parental authority over the underage.

Collected data categories are indicated, on a case by case
basis, on the IEG data collection forms to which this
information notice refers.

Data processing refers to: data collection, registration,
preservation, organization, elaboration, modification, selection,
extraction, comparison, re-classification, usage, inter-
connection, blockage, communication, dissemination, erasure
and destruction.

Collection will be carried out by means of on-line forms or
printed pre-registration or participation forms completed by the
Data Subject and/or acquired from third party operators
authorized, in writing, by IEG or through mobile devices, such
as tablets and smartphones, inside Event locations. In the
case of Event participation (e.g. jewellery shows), which, due
to particular reasons of security of the halls and/or goods on
display to the public, require the creation of an identity badge
bearing the photograph of the Data Subject, the photograph
may also be collected through photographic sessions by IEG
authorized operators at the entrance to the IEG facilities.

Data processing will be carried out using electronic and paper
instruments and with the logics connected to the individual
purposes declared below.

The collected data may be processed by first and second level
Authorized persons, engaged in writing by IEG, who need to
be aware of the data in order to carry out their own activities
(e.g. persons in the legal, sales, marketing, administration,
logistics, IT, management control offices etc.).

Data processing purposes

Data processing will be carried out using information
technology, printed or manual means for the following
purposes:

1. Fulfilment of contractual and legal obligations deriving from
the Data Subject's participation/visit (also a minor and
accompanied by an adult exercising power over the same), or
connected to the already contracted or potential
participation/visita, at "Events". Data Subject participated for
the purposes of Exhibitor promotion. Communication, on the
Data Subject's request, of pre-contractual information
connected to the Events, on the Data Subject's request (e.g.
programmes, offers, etc.).

2. Planning and organizational management of the Events, for
example, the management of ticket issuing and payment
(including verifying the correctness of the payment made
through third party operator services), issuing of credits and
entry passes, creation and verification of personal identity
badges for security purposes, programming and carrying out
of specific services that the Data Subject may require from
IEG (for example, translation, hostess), request for consular
visas, management of contracts drawn up with third party
suppliers for goods and/or services used by IEG or by the
Data Subject during the Events, anonymous statistics,
insertion of company data (name and surname or name and
company name, telephone number, fax, e-mail, website) in
the public on-line and paper catalog of the single Event in
which the interested party participates. Communication of pre-
contractual information (eg programs, proposals, etc.)
connected to the Events, at the request of the interested
party.

Legal basis for data processing and the Data Subject's obligatory or optional consent

Data processing for the purposes in **sub-paragraph 1** is **legally
based** on IEG's need to fulfil the obligations undertaken by
means of the contract drawn up with the Data Subject (and to
carry out all the functional actions required for a complete and
correct execution of the commitments taken on) and/or the legal
obligations connected to it. For this reason, this processing
does not require the Data Subject's prior consent. The Data
Subject is therefore free to withhold the data from IEG.
However, in this case, IEG will not be able to carry out the
services required by the Data Subject or referable to him/her

(e.g. allow the Data Subject to take part in the Event concerned and provide the connected services, for example, the printed and/or digital catalogue of the events which will give his/her "brand" visibility to the Exhibitor's advantage) and/or will not be able to fulfil the legal obligations connected to the relationship. Data processing for the purposes of **sub-paragraph 2** is legally based on IEG's legitimate interests in organizing the Events appropriately, planning and managing all the reasonably useful activities to allow the Data Subject to take part in the Events efficiently and effectively and to manage relations with third party suppliers of goods and services that are functional and/or connected to the Events.

Only if the participation in the Events that, for particular security purposes of the premises and / or the goods exposed to the public, require the creation and delivery of an identification tag with the photograph of the interested party, this photo is collected and processed by IEG. (in the case of underage the consent must be declared and given by the holder of parental responsibility as provided for by article 8, paragraph 1 of the GDPR)

For these purposes IEG does not need to have the Data Subject's prior consent. The Data Subject is, in any case, free to withhold the data from IEG, in which case, it will not be able to take part in the Event.

During the events organized by IEG, generic videos and/or photographs may be taken by IEG and/or by photographers and/or video-makers authorized by IEG, to promote the Events on websites related to said events and on IEG's social profiles (e.g. twitter, facebook, whatsapp, youtube, vimeo, etc.), in brochures, catalogues and other printed promotional material. The photographs and videos published regard Events that, being trade show activities, must be intended as shows of a public nature and therefore bear no indication for which the explicit consent of the Data Subject is required.

Moreover, only on the necessary prior and specific written consent of the Data Subject (which constitutes the legal basis of data processing), obtained previously or on site, can photographs and videos (including voice) showing the face of the Data Subject be published for promotional purposes on IEG printed materials or electronic channels to be divulged to the public (for example, catalogues, brochures, flyers, websites, landing pages, blogs, social networks). In this case, the Data Subject can deny consent, (in the case of underage the consent denied must be declared and given by the holder of parental responsibility as provided for by article 8, paragraph 1, of the GDPR), thus making it impossible for the data to be processed for these specific purposes. In doing so, the Data Subject renounces any payment for the use of his/her image.

Afterwards, the Data Subject can ask (in the case of underage the request must be made through the holder of parental responsibility)

, at any moment, for his/her face to be blacked out from the images processed by IEG, without prejudice to the lawfulness of data processing carried out by IEG or by authorized third parties up until the date of consent withdrawal and without prejudice to any divulgence of the images that is not within IEG's control.

Personal data communication and divulgation

For the purposes outlined in sub-paragraphs **1** and **2**, the data may be communicated by IEG to: information technology management service and system maintenance suppliers, photographers and/or video-makers who produce video-audio materials or the relative post-production, journalists and newspapers, IEG website and database suppliers, contractors for services needed to organize and manage the Events (e.g. outfitters and equipment installers, printed and on-line catalogue editors, logistics, security, private surveillance, first aid, hostesses, etc.) and consultants, which will process the data as external Data Controllers. These third parties will process the data in the role of external Data Controllers conforming to IEG's written instructions and under IEG surveillance.

For all the above purposes, the data may also be communicated by IEG to third party commercial partners with whom IEG shares Event creation and/or promotion activities. These third party partners will process the data in the role of

autonomous Data Controllers or co-Controllers or External Controllers. In this later case, IEG will draw up a written agreement with the co-Controller to outline the respective data processing activities. A list of co-Controllers, autonomous Data Controllers and External Controllers is available on request (for the relative modalities, refer to the section on "Data Subject rights" in this information notice).

Transferring the data abroad

In the case of Events in the U.S.A. organized by IEG and/or at which IEG participates under its own initiative, data communication carried out by IEG as described above may include third party receivers with premises in one or more US States. In this case, data transfer will be based on the following juridical grounds:

a) the bilateral "Privacy Shield" convention in force between the EU (European Union) and the U.S.A., which foresees companies and other organizations that import these data into the U.S.A. being obliged to apply a series of protection measures to safeguard the Data Subject's personal data as it is received or otherwise acquired and processed;

b) if the importer of data into the U.S.A. has not previously adhered to the Privacy Shield mechanism, in conformity with the rules outlined in the Privacy Shield itself, data transfer by IEG to the importer will only take place with adequate guarantees which particularly include the prior stipulation of a specific contractual agreement between the third party importer in the U.S.A. and IEG and according to which the third party receiver, for its own data processing activities, will endeavour, in regard to IEG, itself and its employees, to respect the privacy obligations that are substantially equivalent to those foreseen in the EU regulation, to which IEG is bound. The contractual clauses must therefore conform to the text adopted by the EU Commission (art. 46.1.c.GDPR).

It is pointed out as of now, that, only in the unlikely event that drawing up such a contractual data transfer agreement with the third party data importer in the U.S.A. is not possible or excessively costly, IEG, in its role as the Data Controller, will apply an exemption from the prohibition to transfer data outside the EU. Said exemption shall constitute the fact that data transfer to the USA is i) necessary for executing a contract drawn up between the Data Subject and the co-Controller of the processing, or rather, for executing pre-contractual terms adopted at the Data Subject's request; ii) necessary for concluding or executing a contract drawn up between the Data Controller and another physical or juridical person on behalf of the Data Subject (this other physical or juridical person is an IEG branch or partner with head offices in the U.S.A.). As an alternative to these exemptions, IEG reserves the right to ask the Data Subject for specific consent to transfer the data to the U.S.A.

In the case of Events outside the EU in a country other than the U.S.A. (eg Peoples' Republic of China, United Arab Emirates, Colombia, Honk Kong), organized or attended by IEG, data communication carried out by IEG as described above, may include third party receivers with premises in these countries. In this case, data transfer will be based by IEG to the importer will only take place with adequate guarantees which particularly include the prior stipulation of a specific contractual agreement between the third party importer and IEG and according to which the third party receiver, for its own data processing activities, will endeavour, in regard to IEG, itself and its employees, to respect the privacy obligations that are substantially equivalent to those foreseen in the EU regulation, to which IEG is bound. The contractual clauses must therefore conform to the text adopted by the EU Commission.

Only if drawing up such a contractual data transfer agreement with the third party data importer is not possible or excessively costly, IEG will apply an exemption from the prohibition to transfer data outside the EU. Said exemption shall constitute the fact that the data transfer to the non-EU country is i) necessary for executing a contract drawn up between the Data Subject and the co-Controller of the processing, or rather, for executing pre-contractual terms adopted at the Data Subject's request; ii) necessary for

concluding or executing a contract drawn up between the Data Controller and another physical or juridical person on behalf of the Data Subject (this other physical or juridical person is an IEG branch or partner with head offices in a non-EU country). As an alternative to these exemptions, IEG reserves the right to ask the Data Subject for specific consent to transfer the data to another country outside the EU.

The list of the subjects third recipients of the transfer (so-called importers of the data) it is available on the site [www.iegexpo.it/privacy information\(section“data importer”\)](http://www.iegexpo.it/privacy_information(section%20data%20importer%20))

Data processing duration

In the case of the purposes in sub-paragraph 1 and/or 2, as specified above, IEG processes the data for 10 years from the date on which contractual relations with the Data Subject terminated.

IEG processes the data for a period of **5 years** from publication in the case of publishing and advertising (production, printing and dissemination of editorial and promotional material, either printed or via the internet, house organ, VOplus magazine, etc.).

IEG processes the data for a period of **60 days** after the closure of the Show and then removes the names in the case of data processing at collection points at which visitors and exhibitors requested assistance, including insurance desks, Info points and First Aid areas.

Currently, IEG processes data for a period of **10 days (at the Vicenza Exhibition Centre) and 24 hours** - with the exception of special circumstances relating to police or judicial inquiries - **(at the Rimini Exhibition Centre)** from their recording on: video-camera activation and controls and video-surveillance systems.

For purposes linked to exhibitor promotion, IEG processes the data contained in the catalogue (printed and/or digital) for a period that includes a **maximum of 2 issues** of the catalogue.

IEG processes Show/Event certification data up until certification termination.

Data required for information technology security purposes (e.g. log-in registrations, failed logs and log-outs when accessing the reserved areas on IEG Event websites) are processed by IEG for a period of **1 year after collection** in order to carry out security checks and to document the results. The recording of logs relating to events such as consulting IEG privacy information notices on-line or communicating the Data Subjects consent to IEG through the website or by email, are preserved by IEG for the amount of time considered useful for the relative Authorities or Data Subject to check them if they should ask to do so (**6 years from their collection date**).

In case of dispute between IEG (or IEG third party suppliers) and the Data Subject, the data will be processed for the entire **time needed to exercise the Data Controller's protection rights** or those of the third party suppliers, in other words, until a valid judgement between the parties has been issued or a settlement has been made. Once the above duration terminates, the personal data will be erased, destroyed or made anonymous by means of the appropriate security measures.

Data Subject rights

It is also hereby notified that the Data Subject will have the right to:

- ask the Data Controller for confirmation that personal data regarding him/her are or are not being processed and, if they are, obtain access to said personal data and the following information: a) the processing purposes; b) the personal data categories concerned; c) the receivers or categories of receivers to which the personal data have been or will be communicated, especially if the receivers are in third countries or are international organizations; d) when possible, the foreseen length of time that the personal data will be kept or, if not possible, the criteria used to determine said period; e) the existence of the Data Subject's right to ask the Data Controller to rectify or cancel the personal data or to limit personal data processing or to

- be informed of the existence of adequate guarantees regarding the transfer of data should the personal data be transferred to a third country or an international organization;

- ask for, and obtain without justified delay, the amendment of any imprecise data; taking the purposes of the processing into account, integration of any incomplete personal data, also by providing an additional declaration;

- ask for the processing to be limited when one of the following hypotheses occurs: a) the Data Subject questions the exactness of the personal data for the period of time needed for the Data Controller to check the exactness of said personal data; b) processing is unlawful and the Data Subject objects to personal data cancellation and asks instead for their use to be limited; c) although the Data Controller no longer needs the personal data for the purposes of processing, the Data Subject needs them for verification or for the exercising or defence of a right in court; d) the Data Subject objects to the processing for direct marketing purposes while waiting for the any prevailing lawful reasons for processing by the Data Controller to be checked;

- obtain, on request, communication from the Data Controller of the third party receivers to whom the personal data has been transmitted;

Exercising the right to so-called portability is without prejudice to the right of cancellation foreseen above;

- the Data Subject has the right not to be subject to a decision based exclusively on automated processing, including profiling, which produces legal effects regarding him/her or that significantly and similarly affects his/her person;

- the Data Subject has the right, at any moment, to submit a complaint to the competent Data Protection Authority in accordance with the GDPR (the Authority in his/her place of residence or domicile).

The Data Subject can exercise his/her rights by writing to the Data Controller Italian Exhibition Group S.p.A.,

IEG's Data Protection Officer is lawyer Luca De Muri, domiciled for the position at Italian Exhibition Group S.p.A.
